

## HOROSCOPE

THURSDAY, OCTOBER 14, 1920.

SATURN smiles on humanity today, according to astrology. The sun is in benefic aspect, while Neptune looks upon the earth with doubtful frown.

It is not a favorable day for traveling or for making important decisions.

During this time the mind is likely to be disturbed by uncertainties and fears, so that any positive course of action is difficult.

This sinister power of the planets which causes frequent changes of mind will be reflected in the results of the autumn elections.

The aged and all past the middle line of life should benefit by the respect of Saturn. New hopes that can be realized are supposed to be awakened during this time.

## Patter And Chatter

By S. E. KISER.

The Fossil.

LAST week they handed Brown a rabel;

A strange, new gladness filled him;

He hurried homeward in a daze,

Things once unnoticed thrilled him.

"At last," he thought, "I'll have a chance

To do a little saving!"

Because of his unusual cheer

He caused his wife, at first, to fear

His mind was misbehaving.

He told her all, and figured out

The monthly gain and yearly;

He felt so glad he wished to

about—

He walked on air, or nearly,

She sat and listened while he spoke

About accumulations;

He tried his best to make her see

The profit of frugality

And its rich compensations.

## LUCKY IT DIDN'T HAPPEN DURING THE WAR.

The baseball scandal has caused a large number of people to forget that the presidential campaign is the most important thing on hand. It seems even to have diverted attention from Charles Chaplin's matrimonial misunderstandings and you will have to admit that it takes SOME scandal to do that.

## CANADA TO THE RESCUE.

It is alleged that much bootleg in booze smuggled across the Canadian border. This may account for the fact that few people are now being killed by wood alcohol.

She lost fifteen pounds in less than a month

A CERTAIN North Texas woman wanted to get thin. Since she had married, her weight had crept up until her whole appearance had changed. From an attractive bride, she had rapidly become a rotund, shapeless matron. No one but a woman who has grown stout herself can appreciate her feelings.

A friend told her about the special series of articles running in Holland's Magazine, entitled "New Ideas about Health and Beauty," by Katherine Leslie Gordon. She found these articles were written expressly for the women of the Southwest. Our stout friend wrote Miss Gordon and received instructions on how to reduce. These rules were followed. In less than a month fifteen pounds had disappeared. In another month she had regained her trim, youthful figure!

This is but one department of Holland's Magazine. There are

many others just as helpful and as interesting.

## COUNT FIFTY! NO RHEUMATIC PAIN

Don't suffer! Instant relief follows a rubbing with old "St. Jacobs Oil."

Stop "aching" rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub something penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" conquers pain. It is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia and reduces swelling.
